

## 13 Appendices

Given below are the appendices that comprise Volume II of the ESIA Study for the proposed 1,050MW Lamu coal fired power plant.

Appendix	Title
<b>1</b>	Marine Thermal Discharge Study
<b>2</b>	Air Quality Study
<b>3</b>	Noise Quality Study
<b>4</b>	Climate Change and GHG Assessment Study
<b>5</b>	Ecological Impact Assessment Study
<b>6</b>	Geology and Soils Study
<b>7</b>	Hydrology Study
<b>8</b>	Hydrogeology Study
<b>9</b>	Social Impact Assessment Study
<b>10</b>	Stakeholder Engagement Plan
<b>11</b>	Grievance Mechanism
<b>12</b>	Cultural Heritage Impact Assessment Study
<b>13</b>	Visual Impact Assessment Study
<b>14</b>	Baseline air, water, soil and sediment sampling and analysis reports and certificates
